## Unit 2 Lesson 4: Dilations on a Square Grid 1 Estimating a Scale Factor (Warm up) <br> Student Task Statement <br> $\stackrel{\circ}{A}$ <br> c

Point $C$ is the dilation of point $B$ with center of dilation $A$ and scale factor $s$. Estimate $s$. Be prepared to explain your reasoning.

## 2 Dilations on a Grid

## Student Task Statement

1. Find the dilation of quadrilateral $A B C D$ with center $P$ and scale factor 2 .

2. Find the dilation of triangle $Q R S$ with center $T$ and scale factor 2 .
3. Find the dilation of triangle $Q R S$ with center $T$ and scale factor $\frac{1}{2}$.

## 3 Card Sort: Matching Dilations on a Coordinate Grid

## Student Task Statement

Your teacher will give you some cards. Each of Cards 1 through 6 shows a figure in the coordinate plane and describes a dilation.

Each of Cards A through E describes the image of the dilation for one of the numbered cards.
Match number cards with letter cards. One of the number cards will not have a match. For this card, you'll need to draw an image.
