Lesson 2: Compare the Length of Objects Indirectly

- Let's compare 2 objects using a third object.

Warm-up: Number Talk: Add within 100

Find the value of each expression mentally.

- $35 + 20$

- $35 + 25$

- $30 + 45$

- $37 + 45$

2.1: Which is Longer? Which is Shorter?

Find 2 objects that are longer and 2 objects that are shorter than the unsharpened pencil.

Write a sentence that compares each object to the pencil.

Example: The bulletin board is longer than the pencil.

1. _____

   _____

2. _____

   _____

3. _____

   _____

4.

_____

_____

2.2: Measure Your Desk

Compare the length of the side of your desk and the length of one of the legs of your desk using the string.

Use a drawing or words to explain how you know which is longer.
